SECURITY	Card access entry at main lobby entrances and individual tenant suites with evening security patrol
SHOWERS & LOCKERS	Located on the first floor of the parking garage, renovated 2024 and available for daily use

PROPERTY FEATURES

Common area upgrades completed 2024 and include a new secured bike storage area, fitness center and locker room refresh, new EV charging stations and carpet and paint throughout the hallways.

Walking distance to great amenities and transit including Whole Foods, Peet's Coffee, Blazing Bagels and starting in 2025, the Redmond Link Extension to Light Rail (for more information - [Redmond Link Light Rail](#))

Extremely efficient load factors provide tenants with more usable space and minimal unnecessary square footage occupied by building systems, creating a more cost effective environment and reducing occupancy costs

Size and shape of the floor plates provide tremendous efficiency to maximize the number of occupants per SF

Redmond Technology Center creates a sustainable and environmentally friendly work experience. Sustainable building systems reduce occupancy costs and provide "green" benefits that attract young, intelligent employees

Garage parking, a rare amenity throughout the Redmond market, allows tenants and their vehicles shelter from the elements during the winter months

Class A concrete structure allows tenants to plan a creative and inspiring office with exposed ceilings
